COVID-19 Deaths: Age by Race-Ethnicity

N=420

Note: Race-ethnicity is unknown for 15 (4%) individuals.
Data Source: Providers reporting to CDPH through the Illinois National Electronic Disease Surveillance System updated through April 16
Racial Equity Rapid Response Overview
Racial Equity Rapid Response

GOALS:

• Flatten the COVID-19 mortality curve in Black and Brown communities in Chicago
• Build a groundwork for future work to address longstanding and systemic inequities in Black and Brown communities (health, economic, and social)

TACTICS:

• Develop a city-wide community mitigation operation that works hyper-locally in partnership with Black and Brown community organizers and leadership to mitigate CoVID-19 illness and death
• Listen and respond to community-identified needs within the context of partnership that is mutual and centered around benefitting, not burdening, Black and Brown communities
• Marshal data, screening tools, testing, and human resources needed to respond to community-identified barriers and needs
Rapid Response Framework

*non-exhaustive
Real Talk: How to take care of yourself during COVID-19?
COVID-19: Fact or Fiction

• Panel Moderator: Candace Moore
  Chief Equity Officer, Office of Mayor Lori E. Lightfoot

Corona Fact or Corona Fiction?

Please chat whether you think the following is FACT or FICTION
COVID-19: Fact or Fiction?

Wearing a facial protection is the most important thing I can do to prevent the spread of the COVID-19 virus.

FICTION
COVID-19: Fact or Fiction?

Black people can contract COVID-19.

FACT
If you are having emotional issues, you need to suck it up.

FICTION
It is a good idea to get tested for COVID-19 even if I am not experiencing symptoms.
Finding Resources, Finding Relief
